Now in its 14th year, the Compliance Register Platinum Awards® recognizes IT providers that have enabled a genuine, measurable, and future-enabling change at a client financial institution in the worldwide financial services industry. The 14th Annual Awards recognising exemplary service to compliance and regulation were held on 30th November at The Royal Lancaster Hotel in London.

InfrasoftTech earned recognition for its work with various banks and financial institutions over years of delivering solutions with cutting-edge innovation in the ever-changing technological landscape in which these financial institutions operate, resulting in more proactive threat detection and remediation. InfrasoftTech's **OMNIEnterprise** Financial Crime Surveillance & Compliance Solution powered by Big Data, Artificial Intelligence, Machine Learning and Deep Learning have helped unlock the value in Financial Institutions data; while addressing the challenges that banks & FI's face in adopting digital technology in mitigating reputational and financial risks, inside and outside their banking business.

"We are proud to assist banks and FI's in over 32 countries, and this recognition as a Real Results Award winner is a testament to the importance of helping financial institutions ensure a high level of security and compliance for their customers. Being committed to excellence in Regulatory Technology is a key element of the value InfrasoftTech delivers," said Rajesh Mirjankar, MD & CEO – InfrasoftTech.

We also thank the 16 member Academy of Compliance Excellence (ACE) for admirably carrying out their pro bono roles for the good of the industry. There were a total of 35 awards across 5 sections covering Industry Voting, Regulated Firms, Service Providers, Teams and Individuals. This accolade was presented by a judging panel of impartial senior-level adjudicators, including analysts and technology executives, who are RegTech industry specialists.
